Just one year of a failed Republican House Majority:

OBSTRUCTING JOB CREATION

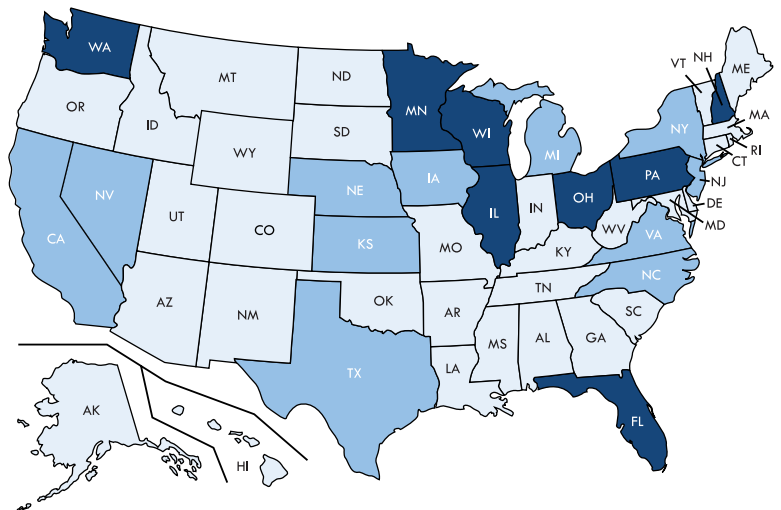

- Failed to introduce a jobs plan and voted for budgets that would cost nearly 2.5 million American jobs and voted against at least 17 times against Democratic efforts to create them.
- Republicans oppose the American Jobs Act which former John McCain economic advisor Mark Zandi said would create 1.9 million jobs

PROTECTING SPECIAL INTERESTS

- Voted three times to end the Medicare guarantee for seniors and raise health care costs by \$6,000.
- Repeatedly protected tax loopholes for Big Oil and billionaires

EXTREME AGENDA TO APPEASE TEA PARTY

- Three times, House Republicans pushed our government to the brink of a shutdown to put their radical agenda ahead of the American people's interests.
- Voted to repeal health insurance reform; Voted to defund NPR, PBS and Sesame Street; Voted to classify pizza as a vegetable for school children; Voted to defund Planned Parenthood and stop them from offering cancer screenings; Voted to protect companies that do business with the Iranian regime
- Pushing plan to privatize Social Security
- Forced the Supercommittee to fail because they insisted on more tax breaks for billionaires and Big Oil at the expense of the Medicare guarantee and creating jobs.
