

eMTB Adventure: Post Canyon

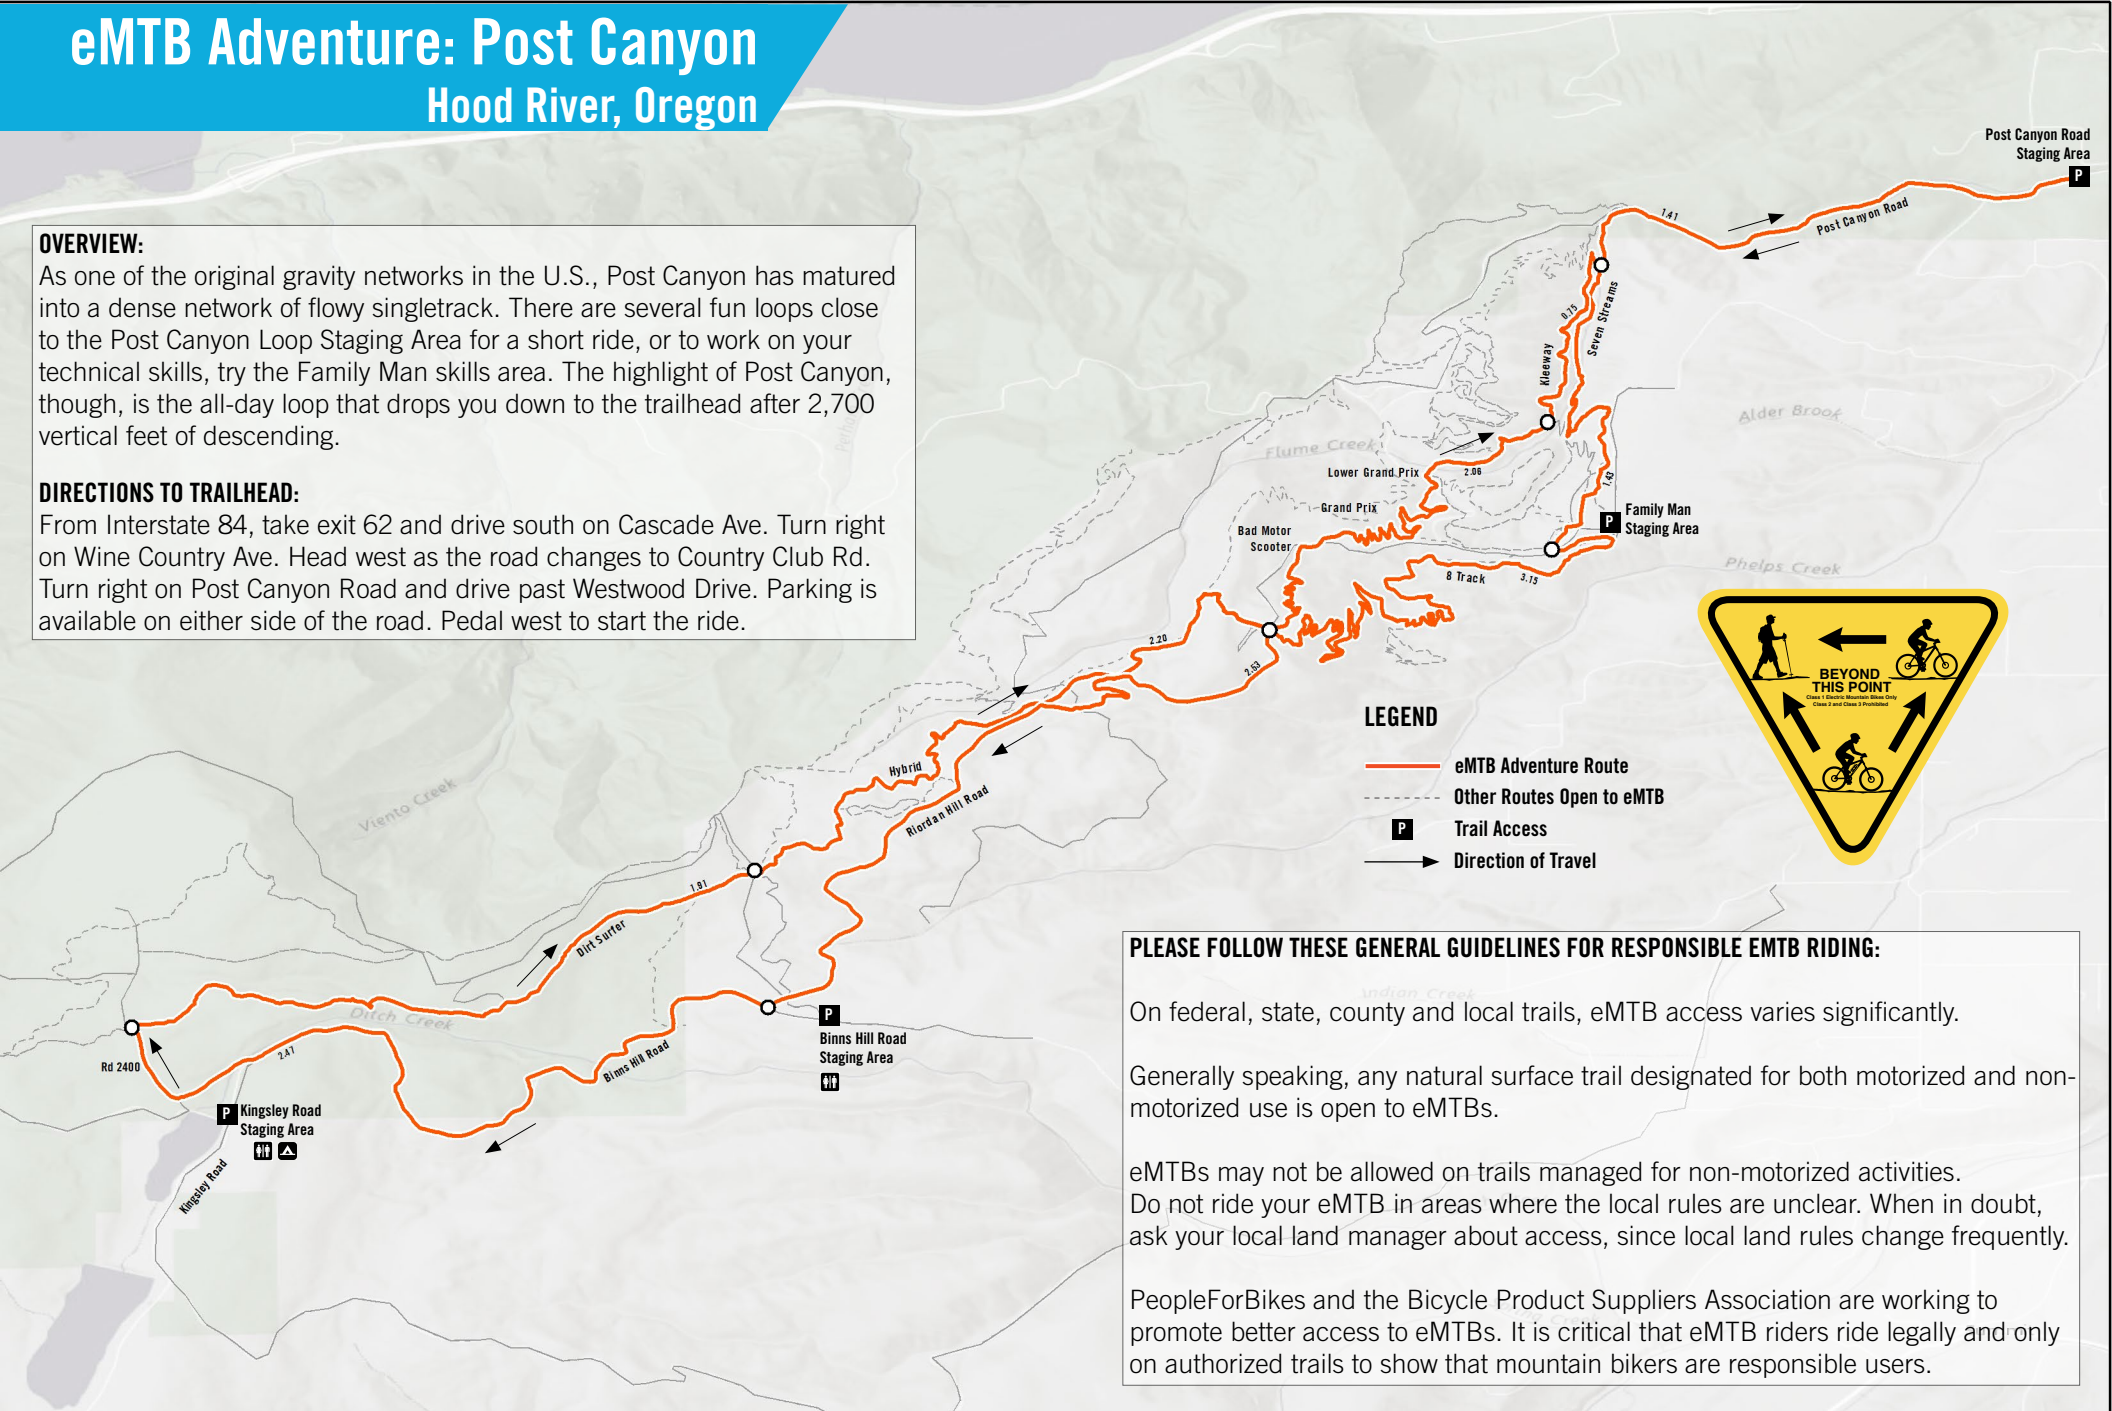

Hood River, Oregon

OVERVIEW:

As one of the original gravity networks in the U.S., Post Canyon has matured into a dense network of flowy singletrack. There are several fun loops close to the Post Canyon Loop Staging Area for a short ride, or to work on your technical skills, try the Family Man skills area. The highlight of Post Canyon, though, is the all-day loop that drops you down to the trailhead after 2,700 vertical feet of descending.

DIRECTIONS TO TRAILHEAD:

From Interstate 84, take exit 62 and drive south on Cascade Ave. Turn right on Wine Country Ave. Head west as the road changes to Country Club Rd. Turn right on Post Canyon Road and drive past Westwood Drive. Parking is available on either side of the road. Pedal west to start the ride.

PLEASE FOLLOW THESE GENERAL GUIDELINES FOR RESPONSIBLE EMTB RIDING:

On federal, state, county and local trails, eMTB access varies significantly.

Generally speaking, any natural surface trail designated for both motorized and non-motorized use is open to eMTBs.

eMTBs may not be allowed on trails managed for non-motorized activities. Do not ride your eMTB in areas where the local rules are unclear. When in doubt, ask your local land manager about access, since local land rules change frequently.

PeopleForBikes and the Bicycle Product Suppliers Association are working to promote better access to eMTBs. It is critical that eMTB riders ride legally and only on authorized trails to show that mountain bikers are responsible users.
