BUILDING ENGINEER

The Prospect Park YMCA’s Park Slope Armory is seeking a qualified individual who will be responsible for the installation, maintenance, repair and operation of all mechanical, electrical, HVAC and plumbing systems throughout the facility.

Responsibilities:
- Perform and/or coordinate routine HVAC equipment maintenance.
- Perform daily routing repairs and service of plumbing systems and fixtures.
- Plan and execute routine setups, breakdowns and installation for facility’s programming needs.
- Maintain and fill out engineering logs.
- Inspect property; inside/outside to ascertain repairs/maintenance needs.
- Responsible for ordering building supplies.
- Respond to emergency calls during off-hours.
- Complete all work orders assigned.
- Responsible for maintaining plumbing and/or carpentry shop.
- Maintain, repair and replace door hardware, locks, panic hardware and other equipment as needed.
- Pool operations (testing chemicals and upkeep of equipment).
- Adhere to safety rules, regulations and precautions.
- Oversee and/or supervise the work of contractors/vendors and officers of the day.
- Actively attend all training sessions and designated meetings.

Qualifications:
- High School diploma or equivalent; trade school certificate preferred.
- Two to five years of experience in mechanical, electrical, plumbing and carpentry.
- Knowledge of chilled water systems and HVAC controls.
- NYC Pool Operator license is a plus.
- Skilled in the use of hand and power tools.
- Excellent customer service skills required.

We offer an exciting and innovative work environment with an organizational culture committed to serving all members of our community. If you would like to be a member of our dynamic team, please forward your resume and salary requirement to mdavis@ymcanyc.org or to:
